Tara -

Checking in to see if there is an update on the release of the RFP for clean and safe. I was reviewing the original budgets and staffing we submitted and it will need to be updated to reflect the increase in minimum wage in Los Angeles.

Streetplus is in the process of opening our "Ambassador Academy" facility in the downtown Los Angeles area. This facility will be the focal point for all of our recruitment, advertisement, training and support services for our improvement districts in Los Angeles Metro area. Ken Nakano will be based in this office and we're hiring additional staff. This will be a huge enhancement to our current operations because it will free the local account program managers from these "back office" administrative tasks, thereby giving them more time to be on the streets.

Additionally, Streetplus will be hiring a "Flex Force" of ambassadors that will be trained and uniformed to provide services at multiple improvement districts, giving us flexibility related to staffing for special events and vacation/call off coverage.

Do you have addresses for Carl, Mark and Steve? I would like to reach out to them and provide an update on Streetplus. Thanks Tara and call me if there is anything I can do to assist you in this process.

P.S. Any update on the search for the Executive Director?
